

30+ QUESTIONS THAT WE MUST ASK ABOUT COVID-19 AND THE VACCINES

19 November 2021

**Charles B. Kovess LL.B. (Hons) LL.M.,
CSP & Other Concerned Citizens**

Why do so many people believe what our Politicians & Governments tell us?

- ? "Vaccines are safe"
- ? "There's no cure for Covid-19"
- ? "No coercion to take the vaccine"
- ? "Just a 2-week lockdown to 'flatten the curve'"
- " You'll need ~~just one jab. No, two. No, 6-month boosters.~~"
- ? We'll open to all at ~~70% double-vaxx. No 80%. No 90%. No 95%"~~

Why do governments mandate rules for others that they don't apply to themselves?

Members of Congress and their staff are exempt from Biden's vaccine mandate

**Judges in Victoria are EXEMPT
from the jabs.
Why?**

**Federal Government employees
in Victoria are EXEMPT from the
jabs.
Why?**

The Government and your politicians are not telling you the truth about the Covid-19 jabs and the risks of Covid-19.

The WHO is not telling you the truth.

**Medical regulators such as
FDA, CDC, and TGA are not
telling you the truth.**

**Pharmaceutical companies
are not telling you the truth.**

**So, ask yourself: why do you
choose to believe all these
lies?**

**The 'science' is NOT
Settled!**

**Only an idiot or a liar would
make such a claim.**

The death rate globally for people who die FROM Covid-19 is less than 0.2%

There is no State of Emergency in fact. There is no 'emergency'.

Why are many people not seeing that government tactics are designed to create **FEAR** so that government can have **INCREASED CONTROL?**

One of the dominant and prevailing mantras of the COVID plandemic has been “vaccination is the only way out of this” and “the vaccine is the path back to normalcy.”

This is a lie!

This is Bob. Bob isn't vaccinated and apparently has superpowers which enables him to infect and kill vaccinated people while preserving his own life. Bob is selfish.

**Dr Kerry Chant, the Chief Health Officer of
NSW, said on 1 November 2021:**

**“If you had your second jab more than six
months ago, it is CRITICAL that you have a
booster jab, because your immunity is waning.”
i.e., the JABS DON'T WORK!**

**Can you see the road that the jabs take you?
Relentless and endless 6-monthly jabs, for the
rest of your life, poisoning you ever more!**

Be CRITICAL in your thinking: reject the lies!

What is "fully vaccinated"? 1 shot? 2 shots? 3 shots (2 shots plus a booster)? 4 shots?

The term "fully vaccinated" means whatever the Government wants it to mean at any given time.

TRICKY!

**Convincing the unjabbed that the jab
works so they'll get the jab**

While...

**Convincing the jabbed that the jab doesn't
work so they'll get the booster shots every
6 months for evermore.**

GOOD LUCK WITH THAT IDEA!

Why is it that people from ex-Communist countries easily see the eerie parallels between today's government's policies and Hitler's Germany that locked Jews out of society - forbidding them to buy, sell, work socialise, and wear a yellow star?

Millions of citizens who are united with each other will always win against Governments and politicians who wish to oppress and suppress their citizens.

Unity is strength: claim your strength!

Are you aware that doctors are not allowed to give you medical advice that is suited to your needs?

Are you aware that if doctors give you an exemption from the jab, then those doctors are investigated by the medical regulators?

Are you aware that Government has blocked doctors from giving you professional advice that you need?

Your child is 100 times more likely to die from having the jab than to die from Covid-19.

Why would you allow anyone to harm your child in this way?

A member of the Food and Drug Administration (FDA) independent advisory panel said Tuesday the safety of the Pfizer COVID-19 vaccine for children aged 5 to 11 years of age will remain unknown until after children are already vaccinated.

“We’re never gonna learn about how safe the vaccine is until we start giving it,” said Dr. Eric Rubin during the meeting. “That’s just the way it goes.”

Why are numerous key decision makers in senior government positions allowed to have any financial interests in vaccine companies?

You could not make this up. Henry Palaszczuk, mentioned below, is the Premier's father

Dr Jannette Young is the Queensland Chief Health Officer - the CHO's in this country currently have more power than anyone else.

Prof. Graeme Nimmo. Director of Qld Pathology. He has served on the board of Pfizer and takes speaking fees from them.

He is also Jannette Youngs husband - Jannette Young for months has been telling people not to get the AstraZeneca vaccination, wait for Pfizer, wait for the Pfizer, Pfizer is the best, the Federal Government is killing you without Pfizer.

Andrew and Nicola Forrest and the Minderoo Foundation. They've worked with the Gates Foundation before - they source the testing kits for the Government via Beijing Genomics Institute (BGI).

BGI has their lab in Australia in Herston. Same place as Qld Pathology. The same place that Jannette Young's husband works.

Guess who has a direct relationship with them? Henry Palaszczuk.

THEY'RE ALL IN THIS TOGETHER

Why do we believe that the government cares for hardworking frontline workers who have scarified blood, sweat and selfless tears by forcing those who do not take the jab out of work?

Why is there **widespread negative publicity CLAIMING** that Ivermectin - now banned by the TGA, is ineffective against Covid-19, unsafe, unproven, without peer reviewed studies (with doctors being deregistered who prescribe it) when **THE FACTS** are that Ivermectin is/has:

65 ivermectin COVID-19 controlled studies, 32 RCTs

What I've seen;

1. A massive increase in nose bleeds
2. A person post vaccination with fainting and an overall jaundiced colour. Months in this person still had a jaundiced colour
3. chest pain, palpitations and a feeling of impending doom 1 day post vaccination
3. extremely high temperatures 1 day post vaccinations
4. people who make statements like; "ever since _____got the jab I feel really unwell"
This has happened on a number of occasions
5. people who struggle emotionally with the mask wearing. Mental health issues have dramatically increased in the students.
6. Someone a week post vaccination with ongoing symptoms. Heavy bleeding, rashes, brushing, generally feeling awful.

I was fired from my job for refusing both Influenza and COVID19 vaccines. I worked in dementia wards and was well suited to that particular work (not many are).

I was asked to sign consent forms which asked me to agree the vaccines were "completely voluntary". As I could not, I was fired. I told my employer that it's not possible to give valid, legal consent to something I'm being coerced to take. Their coercion was contrary to their own policies on informed consent. I made the point that it's absurd to financially coerce staff into taking such when so many had been sick.

(1). My grandmother had myocarditis after AZ (she's never been to hospital before now), and I know of a few younger people that have had heart issues since.

(2 and 3). I witnessed two people in the area that I work die due to the vaccine. It was obvious as directly after the second shot they both could no longer sit up straight or talk. They both died a week later.

(4 and 5) Another can no longer walk. One recovered slightly after first dose to walk, but the second (they) didn't recover from. Prior to the vaccine – was a wanderer who constantly walked all day long. Another

Because of this, doctors were no longer reporting anything that didn't match the tga recommendation.

In the ED I have seen 5 cases of pulmonary embolism in patients under 30, 6 cases of pericarditis, 4 of myocarditis in patients from teenage to early 40s, multiple cardiac arrest, strokes and cases of anaphylaxis after these jabs. This is all in the past 8 weeks. Do you believe EVERYTHING that your Governments
tell you?

Do you believe EVERYTHING that politicians say in
public?

Do you believe that politicians ALWAYS tell you the
truth?

So, HOW do you work out when they are lying?

Are you aware that Concentration Camps are being built in Australia and the UK?

They are called 'quarantine centres'.

Anyone who is unjabbed is likely to be rounded up and imprisoned in these Concentration Camps.

If 10,000 people of all ages get Covid-19 and are sick,
then 14 will die.

And few will suffer serious long-term harm.

Just 14 will die.

But

If you jab 10,000 people of all ages, then 56 of them
will die from the jab

And 1000 of them will suffer long-term harm.

The Mainstream Media admits that you can never be “fully vaccinated”: you will need an endless series of shots required to keep up your “immunity passport”.

This enriches Big Pharma, provides more control to Government to shut out disobedient citizens from society if they fail to comply and provides the Government more access to people’s bloodstreams, to inject nanotech and unusual lifeforms into people’s bodies.

The CDC has “evolved” the definition of vaccination.

Prior to 2015, it stated that vaccines “prevent...disease.”

Then in 2015, the definition was altered to say that vaccines “produce immunity,” without necessarily preventing disease.

After the Covid-19 vaccines were introduced, and it was discovered they do not necessarily “prevent disease” or “produce immunity,” CDC altered the definition of vaccines again to say that they merely “produce protection.”

The manipulation of the definition of words is an attempt to confuse people and obstruct critical thinking and analysis. People are told to just blindly “trust the science”.

Words, phrases and terms mean whatever the Government wants them to mean at that time!

“Stop trying to make sense of all this: just put your head down, shut up, mask up and vax up – but make sure you keep shopping”.

KEY POINTS

- Investing in global health organizations aimed at increasing access to vaccines creates a 20-to-1 return, the Microsoft co-founder and philanthropist says.
- Putting \$10 billion into the S&P 500 would have grown only to \$17 billion over 18 years, factoring in reinvested dividends, Gates tells CNBC in Davos.

Why do we permit Bill Gates the King of Vaccine investors with his catastrophically failed vaccine safety record to have such widespread and influential funding within the pharmaceutical industry, the media, research institutions and government bodies, when for Gates it has been, and always will be, about making unfathomable amounts of money?

Why did the CDC change its definition of Covid-19 reporting guidelines just prior to the pandemic, resulting in a 16.7 x higher number of deaths than there would have been under the previous reporting guidelines?

Michael "Mike" Anthony Granata February 21, 1965 – November 1, 2021

Michael, a longtime resident of Gilroy, passed away on November 1, 2021. Never a kinder more gentle man did I know than my husband, Michael.

For those who knew Mike, you know that he was a good and honest man. He was kind, considerate, and always polite.

Mike was adamant that people know what happened to him that caused his early and unexpected death. *Message from Mike:* "Many nurses and non-nursing staff begged me and my wife to get the truth out to the public about the Covid-19 vaccines because the truth of deaths from the vaccine was being hidden within the medical profession. I promised I would get the message out. So, here is my message: I was afraid of getting the vaccine for fear that I might die. At the insistence of my doctor, I gave in to pressure to get vaccinated. On August 17th I received the Moderna vaccine and starting feeling ill three days later. I never recovered but continued to get worse. I developed multisystem inflammation and multisystem failure that medical professionals could not stop. My muscles disappeared as if to *disintegrate*. I was in ICU for several weeks and stabbed with needles up to 24 times a day for those several weeks, while also receiving 6 or 7 IVs at the same time (continuously). It was constant torture that I cannot describe. I was no longer treated as a human with feelings and a life. I was nothing more than a covid vaccine human guinea pig and the doctors excited to participate in my fascinating progression unto death. If you want to know more, please ask my wife. I wished I would have never gotten vaccinated. If you are not vaccinated, don't do it unless you are ready to suffer and die."

Mike did not deserve the pain and suffering he endured. He was a good man and deserved better.

Blood tests don't lie.

Say doctors globally for evidence based medicine.

D-dimer tests show thrombo embolism in its active state. If you have this, it's a medical emergency.

If you have the jab, your D-dimer levels are likely to go up, and your health suffers.

You can test for D-dimer and then it can be treated.

Most doctors do not know of the availability of this D-dimer test, and so they don't use it in cases of adverse events.

These tests are covered under Medicare.

If it is diagnosed, then it can be treated.

Your safety depends on it.

There are 79,000 reported adverse events on the Australian Government's TGA site.

The real number of adverse events is at least 10x the 'reported' number i.e. 790,000 adverse events.

There are over 15 million jabbed Australians.

Therefore, most Australians happily say "I'm alright Jack, there's nothing wrong with being jabbed!"

However, the harm being done by the jabs is **WAY OUT OF PROPORTION** to the harm done by Sars-CoV-2.

The jobs are severely damaging our country.

There are 790,000 families suffering due to harmful adverse events.

There are 1000's of small businesses closed down and shut forever.

There are people who have lost their jobs and their careers.

There are children whose schooling is severely disrupted.

There are children whose development has been forever impacted.

There are massive increases in mental health problems.

There are massive increases in suicide numbers.

There is massively increased Government debt that will be a huge burden for your children and grandchildren.

But:
**The jobs have been hugely beneficial to some
people in our country!**

Governments lead by politicians have greatly increased their power to
control you.

Public servants have not lost their jobs and have had pay rises.

Coles, Woolworths, Bunnings, JB HiFi, Harvey Norman are all
booming due to the destruction of their competitors: small businesses

Aged care workers have not lost their jobs

Pensioners have sat back silently and shown little concern for their
grandchildrens' futures

And Big Pharma rakes in the Big Bucks, all at your expense!

So, what happens now?

What can you do if you are not happy with the decisions and the direction that your Governments are choosing?

First, make a decision to DO SOMETHING!

Second, choose the right group for you to join so that your efforts and actions are united and amplified with other like-minded people.

Third, get further information from these websites, and many others:
