I've seen myocarditis listed as a symptom of Covid-19 (like we're stupid). One question I've had is: Has there been any vaccine-free covid patient who's had that "symptom"?

19:12:20 From Tim to Everyone:

Is there any way to find that information?

19:13:31 From john & peggy H to Everyone:

myocarditis and pericarditis are normal heart problems that can occur naturally but it is very prominent after the jab

19:14:21 From Gerry to Everyone:

Myocarditis is often Post Viral (any virus). But it is a rare condition. I was a frontline Doctor for 30 years. I saw ONE case - that is 100 % more than most Doctors will see in their career..... Until Covid Vaccines arrived.

19:14:29 From V to Everyone:

Steve Kirsch has been offering millions of dollar in prize money to anyone accepting a debate about any topic connected to C-19. No taker. Not one.

20:27:27 From Fiona to Everyone:

Think some already arrived early covid , I recall around 150

20:27:29 From Simon to Everyone:

if they really want to do something about climate change, we should promote making your own food, to stop climate change (no more plastic) ... they won't echo that :D

20:29:57 From Vicki's iPhone 11 Pro Max to Everyone:

This is pretty hard hearing when you're an adoptee. So sad.

20:30:04 From Fiona to Everyone:

Lol John agree

20:30:22 From Sheree to Everyone:

Sometimes they will change the way that they abort the baby to get the baby they way they want even if it is dangerous to the mother. Yes, the abortion lobby plays with words so it changes the message.

20:31:19 From Fiona to Everyone:

The scary thing is what will the government do with un wanted babies 🤖

20:31:52 From Fiona to Everyone:

It's only banned 13 states I think

20:32:19 From Sheree to Everyone:

The other problem is in USA they are using the Child Protection system, they are trafficking children. Stealing children to make money.

20:32:36 From Fiona to Everyone:

Awesome TY everyone 🙌🙌🙌

20:33:22 From Fiona to Everyone:

It will get worse Sheree

20:33:48 From Fiona to Everyone:

It's not just happening in US

20:34:28 From Sheree to Everyone:

I know, but thankfully people are waking up and there are people who are doing something about it. I know that our foster care system is broken as I am a registered foster carer.

20:35:50 From Fiona to Everyone:

So sad Sheree 💔

20:37:47 From Sheree to Everyone:

It breaks my heart when I hear about children being hurt or traumatised. Have you heard about Cathy O'Brien in the US and there is a woman in Australia who has a similar story, but I can't remember her name at the moment.

20:39:23 From Fiona to Everyone:

Fiona Barnett is one... There are so many Gabbi Choong on Telegram does a lot of interviews with a SA lady

20:39:33 From Marta to Everyone:

I came from Romania, from communism, even there we were not forced to have a medical procedure in order to be able to work

20:40:13 From Julie Parker to Everyone:

Wow, Maria

20:40:51 From Sheree to Everyone:

Yes Fiona Barnett was the person I was thinking about. It has been hard for me to grasp that level of EVIL. But they feel that they get power if they do depravity.

20:41:25 From Julie Parker to Everyone:

Agreed, Sheree -it is criminal

20:41:49 From Fiona to Everyone:

I'm wondering what they have in mind for the concentration camps now 🤔 Handmaids Tale

20:42:17 From Vicki to Everyone:

Horrible thought Fiona!!!

20:42:18 From Sheree to Everyone:

I actually think that it is beyond criminal, I find it difficult to think that it is human. They have given away their humanity especially their empathy.

20:42:29 From Julie Parker to Everyone:

I have to watch that, Fiona. So many examples of these shows from years ago - their tales becoming prophecy?
