The Australian Government have supply arrangements in place for the Pfizer, Moderna, AstraZeneca, and Novavax and Covax vaccines. The Department of Health, specifically states the contract documents/supply agreements are not appropriate for release as they contain confidential and commercially sensitive information. Therefore, it is not possible to source information regarding the particulars of these arrangements.

The medication "Dichloroacetic acid" has been shown to cure cancer and PTSD and researcher who discovered this (again) was bullied and sacked from Westmead Hospital ... She flew out of the country on Saturday

20:01:24 From Anthony To Everyone:

Of course it is not in our purview to know the costs and what has happened to the vaccines. Their cost is part of the billion dollar debt that is being transferred to the next two, three, four and five generations. Obviously those generations need to ask about the costs and why their ancestors all died from the effects of the vaccines!
