My curiosity led me to the so-called protest site. There was no sign of dissent, riot nor demonstration (pictured above).

What I observed were many families and individuals in respectful silence and, in some instances, having a calm and mature discussion with organisers of the event, probably volunteers.

I suggest you thoroughly research the information conveyed on the signs displayed along the pathways. My initial question to you is what has become of empathy, respect, objectivity, critical thinking and humanity in our society?

I did ask questions of a volunteer of the event, and I simply couldn't fault their responses: Firstly, the premise behind vaccine mandates related to transmission of the virus. The updated science has concluded there is no difference between vaccinated and unvaccinated persons. Numerous employees (police, nurses, medica

[https://www.youtube.com/watch?v=1NVnfM\\_H7TY](https://www.youtube.com/watch?v=1NVnfM_H7TY)  
Lyrics:  
You can hate me, try to break me  
Talk me down and denigrate me  
You can try to silence every word  
But I will not be leaving quietly, no  
I won't leave  
I won't leave  
I will not be leaving quietly  
And you can mock me, try to out smart me  
You can shame me and try to blame me  
You can do your best to shut me up  
But I will not be leaving quietly, no I won't leave  
I won't leave  
I will not be leaving quietly  
I'm gonna stand here  
And I'll fight for every word  
I'm gonna shout the truth  
Until you know it's heard  
I'm gonna stand here  
And I'll fight for every word  
I'm gonna shout the truth

Until you know it's heard  
You can scold me, attempt to control me  
Ban me and censor and label and troll me  
You can push me and try to kick me out  
But I will not be leaving quietly, no  
I won't leave  
I won't leave  
I will not be leaving quietly  
And you can mute me,  
Strike and dispute me  
Dumb down the rest, yea, but I'll keep refusin'  
You c
