I was fined for going 60 (with all the other cars) in a 40 zone of Northbourne Avenue ACT. Staff at the office of the people who fined told me that they had also been fined, and THEY told me one man received 13 fines over 24 hours. So I asked for the CEO for the police letter requesting that the speed zone be dropped from 60 to 40 and the death rate at that site, justifying this action. I got the video and saw that we were all traveling at the same speed... Northbourne is the main road going through the ACT.

Heads up, the doctors are scrabbling because of a new payroll tax. They are being made soul traders. Many places will not longer bulk bill, and this apparently has to do with the pay roll tax and the surgeries are in some cases empty. Some states have put the tax on hold My CONCERN is that by the time we have the next "pandemic" the doctors will be hurting financially and will COMPLY. How can we help our doctors and nurses wake up. How can we and STOP this law? HOW can we held our doctors and nurses in general FYI The Australian college of Nursing if feeding the nurses "safe and effective" and they are running the nursing education for the Covid Vaccines.
