I agree with you totally Charles V.

20:10:21 From Belinda To Everyone:

This was my question to council and their response This council is facilitating and promoting events relating to the The Voice. How is it that council can promote The Voice when the specifics are unknown.. Where is the community Engagement policy regarding The Voice?

Can council please advise where in the LGA it states that Councils role is to promote referendum changes at Local level?

Will council be facilitating events that provide for both sides of the argument to ensure residents are not being unduly influenced by council biases?

20:10:41 From Belinda To Everyone:

RESPONSE

Belinda, thank you for your questions.

Community engagement is a legislative requirement under the Local Government Act 2020 and Council's Community Engagement Policy includes a wide range of activities such as informing and engaging the community about Council's initiatives.

Referendums are not specifically considered under Council's Engagement Policy.

The Local Government Act 2020 makes no specific reference to national referendums and no future events have been planned at this stage.

20:23:35 From Tess , john and Sean To Everyone:

This lugs iodine is a 5% solution which is what you need . With a dropper start with 8 drops per day for the first week . Increase by 4 drops each week . As a minimum women need to be eventually taking 28 drops per day . The best way to do this is to buy empty capsules and with a dropper fill the capsule with the amount you need . Newtons pharmacy above are great to deal with

Detailed description of Iodine: <https://custommedicine.com.au/health-articles/iodine/>

20:58:29 From Michael & Paul To Everyone:

NeoLife Phytodefense

And if using Chemo, MUST take their Betagard. It was developed by the co developer of Chemo. He realised that Chemo would kill the person eventually as it attacks healthy cells as well. So he left his research partner to continue with Chemo development and he went about finding a

solution to detox the liver and body from the Chemo. That became Betagard.

But he didn't realise the medical profession would refuse to accept it.

21:01:46 From Michael & Paul To Everyone:

Also for any serious disease - including Cancer, look at their Salmon Oil Plus. As you need to reduce the inflammation and inflammatory index in the body.

Then high doses of Vitamin C and Vitamin E both are important antioxidants, and like the differences between Carotenoids, Flavonoids and Cruciferous compounds, they all work in different parts of the cells. (watery, and oily area)

21:03:45 From Bru To Everyone:

Try Diatomaceous Earth too

Good anti parasites like ivermectin.

21:04:06 From Bru To Everyone:

\* anti parasitic

21:05:47 From Michael & Paul To Everyone:

BTW, to illustrate the effectiveness of the Phytodefense I mentioned, the US Dept Ag (similar to our CSIRO) in the 90s found that the Carotenoid Complex by Neolife increased the immune system by 35% within 30 days if I remember correctly.

And in around 2007 it was found that the Cruciferous compounds converted a Cancerous Breast cell back to healthy., Something previously thought completely impossible.

21:14:03 From Jen To Everyone:

Hi everyone,

Below is a link to Jordan Peterson (profound Canadian Clinical Psychologist) interviewing Tim Ballard, CEO and Founder of Operation Underground Railroad (O.U.R) which locates and rescues endangered children victimised by sex traffic rings. About 1 hour 36 minutes.

<https://youtu.be/rTBGNeliczc>

The film mentioned in this interview "Sound of Freedom" is showing in local cinema (Pinewood cinema, Boronia cinema, etc) as well as, Hoyts on 24th -27th August only at various time. All cinemas have 6:30pm sessions, some Hoyts cinemas have 3:30/3:35pm sessions too.
