Two items to contribute

(1) In California a mother has won \$100,000 in compensation because the school tried to transition her daughter without the parents knowledge. Obtained from the Hannity program dated 1 September 2013 Australian time or 31 August 2023 American time.

(2) Superannuation funds pushing Environmental Social Governance (ESG) as part of their platform should be challenged by way of class action as the trustees are not acting in the best interest of the beneficiaries.

Both these items are fertile ground for successful legal action should we have FOAM members impacted.

Dear Aldo,

Please see a response from the Minister for Health to my Adjournment matter that I raised in late June, calling on the Minister to abolish remaining vaccine mandates in Victoria, including for firefighters: QuestionsOnNotice (parliament.vic.gov.au).

<https://www.parliament.vic.gov.au/publication-research/questions-database/details/53/21045>

Unfortunately, yet again the Andrews Labor Government does not seem interested in carrying out any of my requests, and so vaccine mandates will continue to prevent key members of our society from participating in employment and other activities, whether via direct government mandates or mandates imposed by employers that the government is not overriding.

Kind regards,

Chris Crewther MP

I am inspired by the number of persons at WOW meetings on a Sunday who approach me to simply say hello.

I believe it plays an important part for both parties in the healing process. Could I remind all those online, where possible, please make an effort to attend WOW meetings in order to support each other, a simple glance or smile is precious.

I'm sure it will be greatly appreciated. Special thanks to all the volunteers for welcoming and supporting all those who attend.

This evening's channel 7 Brisbane news had an announcement that the Qld Labor Govt will investigate for the next two weeks the dropping of all Covid mandates; with possible that maybe they might drop. Gerry. Maybe they need some more nurses ?? And this might allow about 20 per cent to come back??

19:24:37 From Tess To Everyone:

We pray love and light fills the hearts, minds, bodies and spirits of all those who attend our meetings or have ever attended our meetings. We pray those who are in any way acting in a way that is not in our highest good cease and desist such activities. (PLEASE SAY aloud and by the power on intent we pray as one)
