Tucker Carlson Interviews Victor Davis Hanson - YouTube

Essential Viewing to understand what we are fighting against and why we have to fight so hard 33 minutes in length but you will not be disappointed.

This video is loaded with truth bombs and well worth listening to what the Jacobite's are doing disregarding our constitution to achieve their aims of power and control

There are plenty of parallels for Australia with the current referendum and likely impacts for how we will be governed.

80 % of the Australian population has been poisoned. Federal Authorities have failed to protect us.

Queensland Authorities did not bother to check the products for QA faults.

Many millions of Australians are now at serious health risk, the true extent of which is unknown.

Received from Julian Gillespie this morning. He advises that we circulate the information...

"if you are an Australian reading this .. share it .. push it out widely .. get folk reading just the first 23 pages of the attached .. it is an easy read"
