Too often radio news readers use acronyms instead of simply stating the department or say The Reserve Bank of Australia instead of RBA, use Central Business District or simply City instead of CBD. Can you please help Council Watch with a Small task today? - it will take 1-2 minutes

The Local Government Minister (Melissa Horne) is seeking to make legislation changes that in our view will weaken the role of Councillors. It will also weaken their rights to protection from other Councillors' unfair political attacks.

It will also hand the minister (who is political) the power to suspend ANY Councillor. We cannot allow any Political Party Minister to have this power over "elected" Councillors.

You can read the proposed reforms here:

PROPOSED REFORMS

The consultation was not offered to the public and this has meant that only Council Staff and Councillors have been asked for feedback!

If you are willing Could you please

1..open & download the PDF document on the "Onedrive" link below.

It is a PDF (of our Submission to the Minister)

at a CPD this week the police admitted they had identified sovereign citizens - apparently politicians who disagree with government are sov cits! I've told Rod Culleton he was named as an identified sov cit. Appalling - very jack booty of WAPOL
