Saturday will see the very first city rally our party has held in Victoria under the Libertarian banner.

For it to be focused on threats to free speech at the Federal and State levels is fitting and presents an opportunity for us to assume the mantle of leadership in this important policy area that is one of our core tenets.

A great turnout at this rally will help to generate important momentum for the fight against the MAD Legislation, but also for the federal election and Senate campaign more generally.

This is your opportunity to make a difference and deliver a real show of strength for the party - I look forward to seeing you there!

Charles mentioned how the forces are anti the senior people. This week you would have seen articles about elderly residents homes with high fees effectively taking the wealth of our elder persons. Please consider just downsizing, later in life, to a properly titled terrace home in the inner suburbs, where you can walk to shops, and have your own proper full title. Small terrace homes for \$700,000 and \$800,000 in Melbourne North, Fitzroy, Collingwood; or small terrace home in Hobart for \$500,000 is much better than having a similar or smaller unit in an elderly or over 50's estate. Gerry.
