

Pollies are engaged in the equivalent of a Ponzi Scheme.

And sadly, no, the pollies can't be held accountable under current legal structures.

BUT

They can be held accountable by "we the people".

Here's how:

1. We forgive genuine mistakes and genuine incompetence.
2. Pollies who are corrupt, evil, criminal, dishonest whilst in office WILL NEVER BE FORGIVEN (except by God, of course!).
3. Pollies who made promises to get elected who do not fulfill those promises WILL ALSO NEVER BE FORGIVEN.
4. Pollies who made promises to get elected knowing that the promises could not be fulfilled WILL ALSO NEVER BE FORGIVEN.
5. Therefore, when they retire from Parliament, they must be made to pay for their deliberate sins whilst in office.
6. They will pay in a number of ways, including:
 - a. Whenever they appear in public, they are booed and rubbished and told in non-polite terms how evil they have been; they will be fearful of going out. They won't want to be seen in public.
 - b. Anyone who knows of their whereabouts or activities will share that information widely so that lots of people can find out where they might appear in public. This initiative is already being run by me, called "Track Dic Dan".
 - c. Any organisations that attempt to retain their services will be boycotted by the people, regardless of whether they are paid or not paid.
 - d. Companies will be called upon to declare that they will NEVER retain people like 'Dictator Andrews', ("Dic Dan") I have set up a website to allow companies to do this, called www.bandan.com.au
 - e. Restaurants will refuse to take their bookings, or allow them onto their premises.
 - f. Retailers will refuse to serve them.
 - g. Their use of assets will be monitored and audited in all ways possible, and they will be called upon to justify their asset position. We can use retired Tax Office auditors to investigate them.

- h. We will search all the assets registered in their names or in the names of their wives and children and close relatives. They will be required to justify the lawful means by which those assets were obtained. If they made windfall gains in real estate or the share market or crypto currencies, they will need to prove they were not the result of insider trading.
 - i. They will be scared to use or show off their assets. Thus, they will not be able to fully enjoy their assets.
 - j. Wherever they appear in public will be a clue to their true asset position, thus giving leads to the auditors in their hunting down of ill-gotten gains.
 - k. They will be refused medical services by anyone other than public hospitals.
 - l. They will be refused membership of AFL Clubs, NRL Clubs, etc.
 - m. And anything further that we can imagine.
7. The goal is to make their lives miserable. This will then effectively put on notice all CURRENT politicians that if they deliberately misbehave, the same things will happen to them when they leave Parliament. This can then lead to better actions by politicians.

THEY MUST PAY!
