19:03:10 From Julie Parker to Everyone:

From Chat GPT: That line, “Those who can make you believe absurdities can make you commit atrocities”, is widely attributed to Voltaire, but it does not appear in any of his published works.

It actually comes from a summary of his ideas written much later. The phrasing was popularised in English by the 20th-century essayist Evelyn Beatrice Hall (who also wrote under the pseudonym S. G. Tallentyre). She paraphrased Voltaire’s stance on superstition and irrational belief in her 1907 book *The Friends of Voltaire*.
