The committee 300 is also said to be conspiracy - The Committee of 300 is a conspiracy theory that claims a powerful group was founded by the British aristocracy in 1727 and rules the world. Proponents of the theory alleging the Committee's existence believe it to be an international council that organizes politics, commerce, banking, media, and the military for centralized global efforts.

Cash can be withdrawn at NAB ATMs and the Post Office and I daresay if you quickly do some back to back withdrawals (for eg at 2 different NAB ATMs on the same day), I dare say you could withdraw more than \$2,000 before it "registers" on the system.
