WA bye election tomorrow night should be interesting

2026-08-28 19:45:00 From Sharon, Wollongong NSW to Everyone:

Hi All, I have completed my election analysis of the 2026 SA State Election, specifically in relation to the SA electoral commission's published "Distribution of preferences". My report has been vetted by another elections analyst, Lex Stewart (who is know to Pauline Hanson and Malcolm Roberts) who agrees with me that 2 SA electorate results are "suspicious". It has taken me approx 240 hours to complete my report with 7 recommendations. There is a corresponding video of 11mins which also mentions elector fraud 2005 Werriwa by-election and 2022 Cowper (Nationals) - which were part of parliamentary submissions by Lex Stewart (elections analyst) to the Joint Standing Committee on Electoral Matters.

Link to report with video link shown.

<https://votewisely.godaddysites.com/sa-post-election-analysis>

Key report pages are 2, 3, 6 (LIGHT), 8 (MORPHETT) & 22 (Lex's submission no. 376 - 2022).

7 Recommendations listed as quick image.

Rgds.

Sharon

2026-08-28 19:47:02 From Gerry to Everyone:

A scientist yesterday, either ABC SBS or channel 7, said that the water at the base of the ice in Nepal and Tibet had melted, thus causing the slide of the ice above. He said this was caused by the higher temperatures this summer in Tibet; so just near the end of summer. Watch for late summer in Australia when the maybe 1% or 2% of the 2,000 metre thick ice on land of Antarctica melts. Sea levels will rise 600mm to 1.2m around the World. The Sunshine Coast Hospital, currently 1 m above sea level, will water around the ankles of the doctors and nurses oh only twice a day at high tide. Yes, finally, the Tasmanian Gum-nuts will move the proposed Australian Rules Football stadium away from the beach location, maybe to near the up-the-hill Athletics Stadium. Or to Ross 2/3rds of the way to Launceston. Re-establish the train line which Keating's Labor Govt bought and then closed.

2026-08-28 19:48:27 From Julie - Dental Business Mastery to Everyone:

Replying to "They now have 6 vaccines together in one shot!!!!!!...":

Just looked it up - how horrendous! The Australian six-in-one infant vaccine protects against:

Diphtheria

Tetanus

Pertussis (whooping cough)

Hepatitis B

Poliomyelitis (polio)

Haemophilus influenzae type b (Hib)

It is given as one injection, usually at 2, 4 and 6 months of age. The brands used in Australia include Infanrix hexa and Vaxelis.

Misleading name if Pyramid Hill, is not on a HILL 😊

Charles - Freedom. Passion. Law. Health. Hemp. Comedy (AU): 😊

2026-08-28 19:59:44 From Gerry to Everyone:

There is a hill at Pyramid Hill, but about 200 metres from the town itself. The town is fairly flat with levies around it. Better to look at You Yangs half way from Melbourne to Geelong, where some houses are higher than streams and creeks and about 60m above sea level in some cases. Gerry.
